

MultiWrap Wide

LAMINATING AND WRAPPING IN ONE SINGLE LINE

PICTURE: MultiWrap Wide
with SynCut 700 and trimming station

**Coats wide substrates
and edges in one
single pass**

PICTURE: Cutting system SynCut 700 and trimming station

YOUR ADVANTAGES

- ✓ Very energy efficient
- ✓ Modular design, adjustable to project requirements
- ✓ Many systems to reduce set-up times
- ✓ Includes separating system for high quality separation without fixation of the work pieces

REASON TO INVEST

**Boards laminated using
hot melt glue can be
processed immediately**

MultiWrap Wide

LAMINATING AND WRAPPING IN ONE SINGLE LINE

PICTURE: SynCut 1000 - Ideal cutting system for MultiWrap Wide 1000

APPLICATION

- ✓ Flat doors for furniture
- ✓ Flat boards
- ✓ Other wide surfaces made from wood, wood composites or PVC

TECHNICAL DATA

- ✓ Working widths 700, 1000
- ✓ Substrate width 100-1000 mm
- ✓ Maximum substrate height 100 mm
- ✓ Speed 5 - 40 m/min
- ✓ Melting capacity PowerMelt (EVA, PO) up to 600 kg/h, UniMelt (EVA, PUR) up to 160 kg/h
